***FUTURE // FOREVER***

LOOKBOOK 2019

COCONUT GOLD OP.241

INTRODUCING

# ***FUTURE // FOREVER***

The future woman is multifaceted; she is her highs, her lows, her 'on' days and her out-of-office days. She is the statement maker; the self lover; the self-doubter and the do-it-all.

Just like our new collection sunglasses, which reimagine retro shades into never-before-seen silhouettes, she learns from her past but is always looking to what's next.

This collection celebrates her, it celebrates you, it celebrates us.

# THE CAMPAIGN

You just need some peace and quiet so you can be alone with your 27,000 unread emails. Or maybe you need a nap, or a biscuit... or all of the above.

You're drinking celery juice, you're answering emails, you've literally never been this productive. What CAN'T you achieve today? That's the real question.

## WORKING-ON-YOURSELF WEDNESDAYS

Between the dates and the dinners, the 7am desk sessions and the weekends that don't stop, you've forgotten to indulge in a little self love recently. No time like the present.

## THRIVING THURSDAYS

You have made it to the end of the week and you're feeling empowered. What day is it again? Who cares – it's time to put on some records and dance because you deserve it.

# THE CAMPAIGN

Who's that exceptionally good-looking person in the mirror? Oh right, it's you. You don't always feel good about yourself, but tonight you're feeling great, and that's something to celebrate.

Are you eating meringues and washing your hair? Yes. Are you considering lifting a weight or two? Also yes. Haven't you heard? Life's about balance.

Welcome to Bougee Beach: population one – you. You’re lounging, you’re luxuriating, you’re living.

A vision, a goddess, a woman in control of her own future. You are you and that is something to celebrate every day of the week.
